2017 Draft Budget

Mr. Hadeler presented a revised 2017 draft budget with updated employee medical costs that were recently received from the Township, medical insurance is increasing 20% next year. The board discussed the increase and were perplexed that the library’s expense is apparently increasing at a greater percentage rate than the Town’s. Director's Report:

BCCLS

- Mr. Hadeler stated that much of his time this month has been spent working on BCCLS business for next year. He had several meetings this month; one to discuss a library that is in non-compliance with the by-laws, a meeting with a task force that is working on how BCCLS bills libraries, a meeting to with the strategic planning task force and a meeting to set up the seventeen BCCLS task forces/committees for the year.

Library Operations

- Mr. Hadeler reported that he is working with Paul to coordinate and improve our volunteer program, which has historically done a poor job of recruiting, training, managing and recognizing volunteers.  
- Mr. Hadeler stated that he met with Joy to discuss having the website re-designed and the scope of work that a web-developer would do in preparation for getting quotes. We need our website to be able to scale down since 60% of people open library emails on their phone and 30% of our web traffic is via phone or tablet.

Capital Projects

- Quiet Study Rooms – Mr. Hadeler reported that he received the final set of plans for the quiet study rooms and anticipates going out for public bid in early January. We are moving the collections in preparation for the quiet study rooms and for a reading area by the windows at the south end of the building.  
- CCTV Security Camera Upgrade – Mr. Hadeler reported that he continues to work with the ESCNJ security camera vendor. He requested a breakdown of equipment, software and installation costs. If this is not received, he may look for another vendor.

Monthly Statistical Reports: Mr. Hadeler reported that we continue to see a decline in circulation along with other libraries across BCCLS, next month’s packet will include a report of all BCCLS statistics for the year. Mr. Hadeler stated that people are still coming into the library but they are not borrowing as they did in the past. He is hopeful that the quiet study rooms will continue to bring people into the library. Additionally, in January we will advertise for a technology assistant and we will be sending out a post card to market newer services.

Old Business:

Valley Hospital Health Program: Mr. Hadeler reported that the program scheduled in March for parents of children with Down Syndrome are proposing a registration fee for attendees of $25 per person to cover expenses, they reported that they are not making a profit.
A motion was made by Mr. Wendrychowicz and seconded by Ms. Clarkin to approve the request to allow Valley Hospital to charge attendees a registration fee for their program in March with the understanding that they are not making a profit. Motion passed, all were in favor except for Mr. Wolf who was opposed.

New Business:

Mr. Wendrychowicz reported that he received a list of libraries in Bergen County that have Friends of the Library groups, including their activities and the money raised. He pointed out that they work hard for the money that is raised.

- Mr. Wendrychowicz reported that he attended a workshop at the Teaneck library on long range strategic planning, it was presented in a way to make it easy for libraries to follow. The speaker Leslie Berger did an excellent job of explaining the role of trustees and he encouraged everyone to attend upcoming workshops to stay informed.
